

Assisting Guests with the HEINZ REMIX machine:

Some guests may need a little extra help choosing and dispensing his/her sauce if you have the HEINZ REMIX machine.

If someone looks like they might need assistance (e.g., he /she is visually impaired or height/ reach challenged), tell your guest that you have the HEINZ REMIX machine and that you would be happy to assist with his/her sauce selection.

It is up to you to determine whether the above satisfies your legal and operational obligations.
